Dat Little New Orleans Creole Cookbook

Growing up in New Orleans' 9th Ward (If you heard that from a native, it sounds like "Nint Waud"), it was easy to take for granted the unique lifestyle of this great city. People there live to experience life, even after hurricanes and storms have flooded and knocked down the landscape and homes of many. I have experienced two floods in the area. First was Hurricane Betsy in 1962, and then Hurricane Katrina in 2005, when the city itself was flooded end to end and there was massive loss at all levels. One thing I remember about my city is that the spirit lived. The great city of New Orleans recovered and thrives today as a tourist destination for it's culture, heritage, music and food.

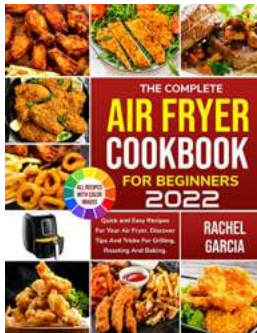

This book will share the food heritage. Since this book was printed years ago, I took the opportunity to update as much of the book as I could and now have included a Desserts section that was left out previously due to space restrictions.

Step into New Orleans cuisine and learn how to make Creole-influenced dishes while enjoying rich cuisine. My hope is that you feel that great "Nint Ward" spirit in every bite!
