Cannabutter, also known as “Marijuana butter,” is just a combination of butter with cannabis. Because of its health benefits; Cannabis is being used widely for treating various diseases and undesired symptoms such as vomiting, nausea & pain (even cancer patients can use cannabis to get relief from the pain that they might have to experience while going for treatment). You would be able to sleep in a better way.

Cannabis helps to regulate several bodily processes, including memory, mood & even appetite. However, it doesn’t mean that you start consuming it in excess. Excess usage of anything can cause severe health conditions as well.

Common side effects of cannabutter may include sleepiness, dry mouth, paranoia, altered senses, and impaired motor control. If consumed in excess, you could experience delusions, hallucinations, or psychosis as well.

There are many states & countries where the use of cannabis is completely illegal or legal; so, you need to consult a healthcare professional just to make sure that you’re using cannabis safely and effectively.

This book has 40 delicious world-famous cannabutter recipes that you can explore & prepare for your guests, you, or even adults of your family.
